The appointment of Parpattegar appears to be hereditary in the Petitioners

namely on the strength of the Sannads ✗ given by former Maharajas of Mysore.
In Peters' recent death, and ✗ the late Surgeon Capt^n^ treated the appt as vacant and in carrying out the measure of the temple establishment, directed that this and other vacancies should not be filled up until the temple which was in a very dilapidated condition, was put in order—
The question is whether, on the ground of the Sannads held by the Peters, an appt which is at present not required in connection with the temple and which has been held in abeyance for some years past, should now be revived. On the other hand, it seems rather hard that Peters should

BANGALORE.

Sir,

I have the honor to invite a reference to this office No. 7476 of the 9th November last, requesting that the excess of Rs. 4,232 involved over the original estimate of Rs. 71,923 for constructing the Bathing ghat and Chattram at Seringapatam including the renovation of Sri Narasinhaswami Temple at that place, be made available from the Muzrai annual grant and to request that the amount may now be allotted to cover the outlay already incurred on the work.

I have the honor to be,

Sir,

Your most obedient servant,

J. Bimard Dimm.

Captain R.E.,
Deputy Chief Engineer of Mysore.

No. 7476

Mysore Public Works Department,
Central Office,
Dated Bangalore the 3rd November 1906.

From,

W. Mc Hutchin Esquire, M.I.C.E.,
Chief Engineer of Mysore.

To,

L. Anantasami Rao Esquire, B.A.,
Secretary to the Government
of H.H. the Maharajah of Mysore,
Muzrai Department.

Sir,

I have the honor to invite a reference to Public Works Secretary's No. 1320-1/7296-7 dated the 10th December 1904, conveying the sanction of Government to the revised estimate of Rs. 76,155 for constructing a bathing-ghat and Chattram at Seringapatam, including the renovation of Sri Narasimhaswami Temple at that place; and stating that the excess of Rs. 4,232 involved over the original estimate of Rs. 71,923 for the bathing ghat and Chattram will be met from the Muzrai annual grant.

2. I request that the sum of Rs. 4,232 referred to above may now be made available, as the Public Works portion of the expenditure has already been worked out, and as no provision has been made for the balance of work in the current year's P. W. Budget. The only item of work that now remains to be done is the completion of the renovation of the Sri Narasimhaswamy Temple, for which revised and supplemental estimates amounting to Rs. 15,168 and Rs. 2,252 respectively have already been submitted -vide my letter No.1331 dated the 1st March 1906.

I have the honor to be,
Sir,
Your most obedient servant,

W. Mc Hutchin

Chief Engineer of Mysore.

Memo on Renovating Sree Narasimhaswamy's Temple at Seringapatam:-

---oo0oo---

Two Estimates:- A revised Estimate amounting to Rs:15,168 and a supplemental Estimate amounting to Rs:2252 have been submitted for this work for sanction with reports etc,.

II During inspection of the temple by the Muzarai Secretary on the 13th instant, the following works were suggested by the temple servants and others to be carried out along with the works in hand:-

(1) Parapet (curtain)wall to be built in front verandah to prevent cattle etc.,from damaging verandah floor.

A brick in mortar wall with coping and a proper wooden gate will cost about Rs:250/-.

Some cut stones have been originally collected for these,and broughton stock(357 cft. at 3½ Rs. per cft.).To build the wall with these cut stones, another 8 annas per cft.will be required,the total cost of constructing the parapet wall,with cut stones,will be Rs.1428.

(2) Building an additional wall in front verandah on the north side so as to have a room on that side to store Wahanams etc,.

The cost of this will be about Rs:1400.

(3) Kadapa slab flooring for about 1 sqr. in the central portion of 'Navaranga'.

The provision now is concrete flooring; the excess in cost by flagging with Kadapa slabs, instead of concrete flooring, will be about Rs.20/-.

(4) Filling hollows under slabs pointed out, close to inner portion of temple and redoing flooring.

Cost of filling the hollows pointed out comes to about Rs 10.

(5) Layers of concrete to flooring and roofing of the Dharamsthanam 34' sqr.

Cost about Rs:110.

(6) Armoured concrete slabs over vetilators similar to the one, already carried out over one vetilator.

Cost about the same as for fixing burnt stone slabs etc., as in revised estimate.

A suggestion was made to use corrugated iron sheets for roof over vetilators, instead of slabs. It is found by calculation that there will be no saving in cost by doing so.

(7) Making an opening in north compound wall to give easy access to Sree Ranganathaswamy's Temple etc,.

Cost Rs:6.

(8) Relaying slabs and repairing floor in "Sukanasa" etc,.

Cost Rs:122, provided in supplemental Estimate.

(9) Kadapa slab flooring in front verandah in lieu of

of flooring it with old and new boulders.

Cost Rs:711;can be met from provision for flooring in Estimate.

(10) Parapet to recently built portion of compound wall in North side,to keep in conformity with the parapet wall on either side of it.

Cost Rs:100.

III I understood that items 1,3,4,5,6,7,8,9and 10,received the approval of the Muzarai Secretary.The additional cost by carrying out these works will be Rs.495,above the amounts of the estimate already submitted.

IV In the revised estimate,submitted for Rs:15,168, provision is made for roofing with wire net and cement plaster,instead of with flat tiles and chunam plaster, the excess by doing so being Rs.2435,taking wire net and cement plaster at Rs:22 per sqr.Therate for cement plaster with wire netting has since been found,after actually carrying out some work,to rise up to 31 Rs.per sqr. Hence the excess by doing the roof with wire net and cement plaster will be Rs.4102 over the original estimate provision,for flat tiles and cement plaste over roof(16½ squres of surki mortar plastering with wire net and another 16½ squares with cement plaster and wire net have already been carried out,costing Rs.891).

The wire net and cement plaster roof will no doubt, make the roof puckka and free from leaks.Extracts from Superintending Engineer's Inspection Note dated

Mysore - 16/6/06.

My dear Sir,

I beg to enclose herewith a memo on the temple work we visited at Seringapatam on the 31st Instant, as desired by you.

2. For the small additional work, well in the Gundhuz at Gangam, I will submit an Estimate, if it cannot be met from Savings out

out of the Estimate provision for

repairing the Granbazy.

I remain Sir, yours

faithfully

Samples of armoured surkee and armoured P.C. roof covering have been made. The former is in my opinion useless as it has cracked nearly all over and will go to pieces except in as far as the net armouring holds it together in a year.

The P.C. work is excellent not a crack to be seen in it and strongly recommend the roof being finished in in this way. Both forms of covering have worked out much dearer than anticipated the item water being very heavy as it has first to be carted from the river and then carried on to the roof by hand.

Surkee works out to 22/-per square, & cement to 31/-. If the work is carried on in the rains there will be a reduction on this head and I have told Executive Engineer to see if he cannot get a hand power lift and force pump and deliver water direct on the roof from the river. Plenty of water is an absolute necessity. The estimate should be increased to 31/- per sqr: for P.C. and the Muzarai Department advised to go to the extra expense as they will then have a thoroughly good roof which will I believe last for ever. An experi-mental slab has been constructed over one of the ven-tilators it is very well made but being the first Mr: May Ellis has done it has worked out much too expensive the cost of course includes centrings, I think corri-gated iron covers for the ventilators would be quite good enough and a large saving could be effected by using it as an offset against the extra cost of main roof. Exe: Engineer should report the actual amount that can be saved in this way.

SIR,

With reference to correspondence ending with this office No. 1331 of the 1st March last, I have the honour to inform you that the Superintending Engineer, Western Circle, in his Inspection Note dated 23rd May last (copy enclosed) on renovating the Sri Narasimha Swamy Temple at Seringapatam, having stated that the Mujrai Department should be advised to go to the extra expense of putting an armoured Portland Cement roof for the building, he was asked to submit a statement showing the probable excess for this kind of roof. Accordingly he furnished the information as shown in the margin. I now request that you will be so good as to state if your would prefer to adhere to the

original proposals in the revised estimate sent to you with the reference quoted above, to adopt an ordinary terraced roof at a cost of Rs. 4,791 or an armoured Concrete roof at a cost of Rs. 6,458, which latter is strongly recommended by the Superintending Engineer, as being more watertight and durable and which would probably require less for repairs annually.

Sir,

With reference to correspondence ending with this office No.7716 of the 24th November last, I have the honor to forward for sanction of Government the accompanying revised and Supple-mental estimates amounting to Rs.15,168 and Rs.2,252 respectively for renovating the Sri Narasimhaswamy's Temple at Seringa-patam .The amount originally provided for this item of work in the revised estimate of Rs.76,155 sanctioned in December 1904 for constructing Bathing Ghat and Chattram at Seringapatam is Rs.11,794, and the excess of Rs.5,626 over this provision is due to certain additional works ordered by you, and to substituting armoured cement plaster roof for flat tile terrace roof which for such a large area can never be satisfactory. These are fully explained in the Report and in the Comparative Statement.

2. Of the original sum of Rs.11,794 sanctioned for reno-vating the temple, Rs.7,562 being the savings on the original estimate of Rs.71,923 for constructing Bathing Ghat and Chattram was ordered to be made available from the P.W.Budget the balance Rs.4,232 being met from the Muzrai Annual grant-Vide P.W.Secretary's No.1321/7297 dated 10th December 1904. Including the excess of Rs.5,626 now required the total amount that has to be made available from the Muzrai grant will be Rs.9,858. I request that this amount may be provided in the

next

next year's Muzrai Budget as the P.W. portion of grant will be worked out by the end of the current official year.

Endorsement.

Petitions dated 28th April 1894 and 31st May 1895, from Veerambudi Srinivasa Iyengar of Srirangapatam claiming an hereditary right to the Parpattegarship of the Sri Narasimha Swami temple in Srirangapatam — rendered vacant by the death of his uncle Tirumala Iyengar, the last incumbent of the office.

———11———

In reply, the petitioner Sreenivasa Iyengar is informed no orders can be passed his right to the office, in the absence of the original of the Sannadon which the claim is advanced.

2. Apart from this question, the Government observe that the temple under advertance is in a most dilapidated and neglected condition, and the Jasdik allowances

inurable to the institution are, therefore under Rule VI of the Head of Money from Rules liable to summary resumption. But however, considering the local importance of the institution in question, the Government are unwilling to resume the Sadek allowance altogether and have resolved to adopt the alternative course laid down in the late Chief Commissioner's Pro: No 3233-42 / R. 544 dated 25th September 1879, viz, to reduce the sanctioned expenditure in view to the savings being appropriated towards the repair of the temple. And the vacant Parapattegarship in question, will not therefore be filled up until the temple has been thoroughly repaired and restored to an efficient condition.

BANGALORE.

Sir,

In compliance with your letter No. 27 dated the 8th July 1907 (and subsequent reminder No. 1750 dated 2nd October 1907), calling for certain information in connection with the renovation of the Sri Narasimhaswami's Temple at Seringapatam, I have the honor to forward the enclosed copy of Mysore Division, Executive Engineer's No. 795 dated the 20th August 1907 together with the statement therein referred to, which furnish the particulars called for.

2. As per statement referred to above, the Executive Engineer's estimate is Rs. 13,730/- viz., Rs 8,053/- for completed works Rs. 5,018/- for incomplete and fresh works and Rs. 659/- for contingencies. But the first figure includes materials at sites of Rs. 715/- which should be deducted, and the amount required would then be Rs. (13,730-715)=13,015. Of this sum Rs. 7,562/- are debitable to the Public Works Budget and the balance Rs. 5,453/- to the Muzrai Budget.

3. The revised and the supplemental estimates received with the letter under reply are herewith resubmitted for reference as desired.

as follows:—

The repairs of Sri Narasimh
swami Temple have been in pro-
-gress for the past 2 or 3 months.
This work was suspected by the
Inamdar secretary on 11th June
1905 and the petitioner who is the
Archak

Archaks of this temple had then no complaint to make. As the petitioner is the Archak of the temple it cannot be that he was unaware of the repairs that is now being done to the temple. The fact seems to be that on the pretext of certain ceremonies the petitioner hopes for perquisites usually being [illegible] in connection with such ceremonies. His statement before the Temple Amildar is also appended together with the Amildar's report No 6 dated 1st July 1905.

... a reference to the temple records as to whether any such ceremonies as the petitioner describes were ever performed when the temple of Sri Rangaswami at Seringapatam was repaired it is apparent that when the Kalasam and the Garuda Kambam were replaced certain purificatory ceremonies were performed after the completion of the work. It is also reported that similar ceremonies were performed after the completion of the repairs to Sri Narasimha swami temple at Melkote. Both these temples are Vaishnava

temples

temples.

In the case of Sri Gangadhareswara Swami Temple in Seringapatam when it was repaired no such punifactory ceremony seems to have been performed. This is a Shiva temple and this precedent may not be rightly applicable to Vishnu Temples.

All precedents in Vishnu Temples on this subject go to show that some punifactory ceremonies were performed not at the time when the repairs were started but after the completion of the repairs to these temples.

In the case of Sri Lakshmi narasimhaswami Temple, the repairs of which are in progress there is a peculiar feature which has to be specially taken into account. The roof of the temple is being renovated and the Alwar images below are being desecrated with Chunam and mortar droppings from above. It is therefore proposed to consecrate the Sakti (or Saktī) avahanam (ఆవాహనం) divine attributes of these Alwars in Kumbhas or sacred vessels and transfer them all to one room where daily poojas

poojas will be performed to these Kumbhas or sacred vessels instead of to the Alwar images till the work of repairs is completed - Similar pro- - cedure, if approved, will be performed in the case of the other gods in the temple when the roof above them is being repaired.

Whether the Shastras enjoin such a course I am unable to say - neither can I vouch for the correctness or the inter- - pretation of the Slokas quoted by the petitioner. These are points on which the Inungai depart- ment will have to consult- Sri Parakala Mutt, the Palace Dharmadhikarins or other con- - vocation of learned panditas. The probable expenditure will have also to be determined by this convocation. The amount of Rs 15/- to 20/- mentioned in the Amildar's memorandum submitted herewith as the amount of probable expendi- - ture for performing the purifactory ceremonies

is

is a mere guess.

Sri Rangaraj Bhattar's petition received with the docket under reply is also submitted.

Superintending Engineer's No.4280 dated 18th October 190 submitting for sanction a revised estimate amounting to Rs. 64,361 for constructing a Bathing Ghat and Chatram at Seringa-patam; also No.4875 dated 19th November 1904 submitting another estimate amounting to Rs.11,974 for renovating the Sri Narasimha-swamy Temple at the place, &c.

In returning the above estimates duly sanctioned by Government for Rs.76,155/- as per enclosed abstract, has the honor to inform the Superintending Engineer that the excess of Rs.4,232 involved over the original estimate of Rs.71,923 for the Bathing Ghat and Chatram will be met from the Muzrai annual grant for which application will be made at once to the Muzrai Department, if the Superintending Engineer is confident that the amount can be spent during the year in addition to the allotment of Rs.10,000 provided in the current year's P.W.Budget. This matter should be reported at once.

2. Government are of opinion that it will be sufficient if the main edifice of the temple is thoroughly repaired and that it is unnecessary to renew the dismantled mantapams therein. The estimate of Rs.5,714 submitted for the latter with his No.4873 of 19th ultimo, is therefore returned unsanctioned.

Most Respected Sir,

I the undersigned have the honour to [illegible]
to solicit [illegible] contractor [illegible] my request in bringing
the following few lines [illegible] your honour kindly to [illegible]
and favourable orders.

I beg to state that I was carrying [illegible] works of Sree Varadaraja Swamy Temple at Srirangapatna according to the sanctioned estimate, meanwhile a modified estimate was prepared by the E.N. Depot for want of Ex. Dy. Works and was sent for sanction 10 months ago.

After my complaint to the executive Engineer regarding my losses by stopping works for the last 10 months. The Executive Engineer informed that the modified Estimate is sent to your honours sanction, the Estimate is not come yet sanctioned.

I most humbly beg to inform that as I am sustaining much loss and suffering much troubles since the last 10 months, I most humbly beg your honour to kindly sanction the Temple works earlier. If your honour kindly send the Estimate sanctioned earlier, Then it will be easy for me to complete the construction of my incomplete [illegible] in the compound of the Temple which I have promised to construct by my own cost.

And further I beg to state that the Cothrary works at Srirangapatna also, which I was carrying out was stopped for the sanctions of the modified Estimate, I came to understand that this estimate also is sent to your honours sanction.

After requesting the Executive Engineer

to favour me any other contract works - I have known
which I have done works even the other Tide Tee
Water - I the air works - If the [illegible] Contractors
are for no covers - I would have completed the works.
But there are such orders given out the works which
have the pipes - sir, I am not living any other
contract works - expecting these works -
On such error strokes - I am suffering in such like
troubles - So - I most humbly beg your honour
to kindly sanction with the estimates and for our due
salary covers to push on with the works -

For which act of Favours I shall ever pray -

I beg to remain

By Order,

[illegible]
Private Secretary
to H. H. The Maharajah of Mysore.

His Highness the Maharajah Krishnaraj Endra
Wadiyar Bahadur.

Your Highness,

I, [illegible], a claimant by right of a sanad, to the post of parupatya (managership) of the Sri Lakshmi Narasimha Swamie Temple at Seringapatam, beg to place before your highness, the following memorial.

PS Read 21.10.05

1. The post of parupatya of the said temple has been granted to the memorialist's ancestors, through a sanad, by His Highness the late Maharajah Kantirava Narasaraja Wadiyar Bahadur, that they should enjoy it in succession. In the reign of Tippu Sultan Sahib, the God Lakshminarasimha of the said temple, had been removed from the temple and placed in the Ranganatha Swamie temple near at hand. But, of late, in the reign of your highness's grandfather, His Highness the late Krishnaraj Endra Wadiyar Bahadur, the memorialist's great grandfather, prayed his highness, to reinstal the god Lakshmi Narasimha in the Narasimhaswamie temple, where he was originally. Your highness's grandfather did so, and again granted a sanad dated 16th Oct 1820 to the memorialist's great grandfather that he and his descendants should enjoy the post of parupatya of the said temple. The post was accordingly enjoyed by the memorialist's ancestors as late as the 4th of April 1894.

2. On the 5th of April, Tirumala Iyengar, the memorialist's uncle, the incumbent of the post then, died, and the memorialist the successor of the deceased, and a legitimate claimant to the post submitted a petition to the Muzrai Superintendent, praying

No. 1669
From

Vengadammal, daughter of ~~Ramanuja~~ Iyengar, residing in No 794, Ramanuja Agrahar, Ettigoore

The humble Petition of Vengadammal, aforesaid,

respectfully Showeth:-

1. That the Petitioner's father Veerambudi Tirumala Iyengar and his Ancestors had been holding the office of Parupathegar, of Sree Lakshmi Narasimha Swami Temple at Seringapatam, in hereditary Succession from time out of the memory of man

2. That the said office was held by the Petitioners father V. Tirumala Iyengar, in his own name and on his own account (for upwards of ~~50~~ fifty years) till his death

3. That the said V. Tirumala Iyengar, the father of the Petitioner died about six years ago leaving no sons.

4. That the Petitioner, has duly succeeded to the effects, movable and immovable, ~~of~~ belonging to her father

5. That the Petitioner presented an Elezi in 1894, shortly after the demise of her father, praying for an Order conferring the aforesaid office upon the Petitioner, and that in reply thereto, the Petitioner received a docket No 1130 dated 13-6-94 informing her that her prayer would become due Consideration at the time of filling up the Vacancy

6. That although, a period covering five years has elapsed, since the Petitioners Elezi was first

first submitted, the Petitioner regrets that her humble Petition, has not as yet received favorable Consideration at the hands of the Superin

7. That Should the Petitioner succeed to her fathers office, the Petitioner humbly undertakes to see the duties of the office discharged properly and to the satisfaction of the Authorities

8 That the Petitioner amply trusts that the right and emoluments connected with the said office, and (which were being enjoyed by the Petitioners father and his ancestors, from time immemorial) will not now be taken away to the prejudice of the Petitioner and that justice will full soon be done to the Petitioner

9 In conclusion, the Petitioner sincerely hopes that the Superintendant will be graciously pleased to grant the prayer of the Petitioner by bestowing upon her the above said office for which act of kindness, She as in duty bound, shall ever be grateful

ABSTRACT.

States that he is the hereditary to the Parupathya of Sri Lakshmi Narasimhaswami's Temple at Seringapatam; that since the death of his uncle the pay and allowances allowed to the above post have not been given to the Petr on the ground that they have been reserved towards the repair of the temple; that his pay and allowance aggregating Rs 6 per month are very small to cover such a large sum as Rs 10,000 required for the repair of the temple; that apart from this there is a very large Inam in the Arkalgud Tk allowed to the temple

Temple whose income may be
reserved towards the repair of the temple;
and that the monthly rent of Rs 10
derived from the Mantap belonging
to the Temple, owing to the location
of the Muniffs Court, instead of being reserved
misused for ~~the maintenance~~
preserving a garden near Sri
Ranganatha Swamy's Temple -

Prays that the hereditary

Petitions dated 28th April 1894, and 31st May 9', from Veerambadi Sreenivasa Iyengar of Sreerangapatna claiming an hereditary right to parapathagaraship of the Sree Narasimmaswami Temple in Sreerangapatna rendered & Vacant by the death of his uncle Tirumal Iyengar, the last incumbent of the office.

In reply, the petitioner, Sreenivasa Iyengar is informed that no order can be passed recognising his right to the office, in the absence of the original of the Sanad on which the claim is advanced.

Apart from this question, the Government observe that the Temple under advertance is in a most dilapitated & neglected condition, and the Jastick allowances, payable to the institution are therefore under rule VI of the Ready Money Inam rules, liable to Summary resumption. But however, considering the local importance of the institution in question, the Government are unwilling to resume the Jastick allowance altogether and have resolved to adopt the alternative course laid down in the late Chief Commissioner's Proc: No. 3233-R 541 dated 25th September 1879, Viz, to reduce the Sanctioned expenditure in view to the saving being appropriated towards the repair of the Temple. And the vacant Parapathagarship in question, will not therefore be filled up until the Temple has been thoroughly repaired & restored to an efficient condition.

ABSTRACT.

Petitioner states that he has a hereditary right to the Parpattegarship of the temple of Lakshmi Narasimha Swamy at Seringapatam; that the Amuzerayi Supdt has refused to give him the usual allowance on the plea of reducing the expenditure towards the repair of the temple; and that the allowance given to him is but a trifling considering the emoluments of the temple.

Prays that the

usual allowance may be continued to him and the arrears due to him for the last nearly 2 years may also be paid to him.

Srinivasa Iyengar, the present Parapattegar of the Narasimhaswami temple at Srirangapatam died on the 16th April 1894. His nephew (brother's son) Srinivasa Iyengar now applies to be appointed in his stead. Srinivasa Iyengar states that the office is a hereditary one and has produced a copy of a Sanad said to have been issued by H. H. the late Maharaja Krishnaraja Wodeyar III conferring the office on the applicant's ancestor to be held by him in hereditary succession. The original of the Sanad is not forthcoming. Srinivasa Iyengar states that it was produced before the Deputy Commissioner in 1867 in connection with some dispute and was never afterwards returned to him.

The temple is in a most dilapidated and dirty condition & the servants appear to have greatly neglected to take proper care of the Institution.

ABSTRACT.

States that the office of "Parupaya" attached to Sree Narrasimha Swamy Temple at Seringapatam is hereditary to his family - that his uncle Srinivasiah held the office till his death which took place in April 1894 - that since he is the best hour to the office he requested the authority that the office might be conferred on him - that he was in reply informed that he had no right to the office - that on this he appealed to the Amildar Seringapatam who told him to produce the references he had to establish his title to the office - that on doing so and also on asking him personally he verbally told him that the office could not be conferred on him but that he did not favor him with any written order - and that the office
